

**Statement from Comrade Rosario  
during Citizen's Verification Day  
25th July 2021**

How are you Comrades? Well, we are verifying ourselves, we have verified ourselves, like hundreds of thousands of Nicaraguans, full of Hope, of Dignity, with the Spirit of Sovereignty, with the Spirit of Freedom, of Fraternity, of Solidarity.

We have verified ourselves, because we are going to Sovereign and Free Elections. We have verified ourselves, because we, the Nicaraguan Families, know that these Elections will allow us to decide our Future.

We want a Future of Peace, just like the Paths that we had been traveling upon until 2018, before hatred and terrorism attacked us and tried to destroy us. **But they could not, and will not!**

We want a Future of Concord, of Family Values, of Community, and above all a Future to continue building Prosperity. Because

Families want to prosper, Families want progress, and that is what, we are sure, we will decide and all Nicaraguans will decide: to Overcome Poverty, the fight against Poverty, for progress and prosperity. It is also our Right, our Right as a Fighting People, of the Great People, of the Heroic People, of the Glorious People.

It is our Right to work with Security, Stability and Peace. It is our Right to advance in Prosperity. It is our Right to live calmly and with Joy, that Joy that we see in the faces here... The boys, the girls,

happy, happy, secure, and above all with Dignity, yes, full of Dignity, very strong. That is our Spirit, of great Nicaraguans, of good Nicaraguans, of Nicaraguans who have known how to resist and overcome, in all circumstances, against all imperial aggressions.

Here we are, with the Right to Life, with the Right to Light, with the Right to Truth, with the Right to, as we have said, to Prosper. Work and prosper that is what we all want. Continue fighting the Battles against Poverty, to prosper, for the progress of all

Nicaraguan Values, by the Grace of God. As  
Nicaraguan Families, by the Grace of God...  
As a Great People!

Darío, Zeledón, Sandino, all our Ancestors  
left us the Right, they left us the Legacy,  
to walk with that Glorious History, creating  
a new History, for a New Time, that Time that  
we all not only want, but also pray for.  
Times of Justice, living Justice, living  
Peace, living with Dignity, and living with  
work, studying and prospering. That is what  
we all want, and we are sure that the  
hundreds of thousands of Nicaraguans

(tomorrow the Supreme Electoral Council will surely give us the number) are verifying themselves to vote for a Future Free of Poverty.

A Future of Advancement, a Future of Joy, a Future of Hope, a Future of Progress for All, without exclusion, without discrimination, a Future of Union, that is what we want, and we are sure that is what God wants. Yes, pour over the Blessings of the Father all over Nicaragua: Prosperity! Because we are thriving with Consciousness, thriving with Thoughts, and thriving, step by step. Despite

what the terrorist criminal coup took from us. In Prosperity...! We are prospering, because we are determined to overcome Poverty, and in Victories, Victories for all Nicaraguans!

Forward, Comrades, **Always and Beyond**, that Future of Glories and Triumphs is ours! Thank you, Comrades.
