Managua, September 6, 2019

Your Excellency

Emmerson Dambudzo Mnangagwa

President of the Republic of Zimbabwe

Brother President:

Today, Friday, September 6, in his native and beloved Zimbabwe, Life on this Plane of the Hero of the Independence and Sovereignty of his People, Comrade Robert Mugabe, went out.

We remember with special affection our visits to that Heroic Country and our meetings with its Brave People, first in the Celebration of Independence, in 1980, and then on the occasion of the Memorable Summit of our Movement of Non-Aligned Countries in Harare,

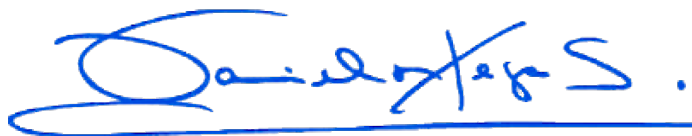

in September 1986. Those were Historic Days in which so many People and Governments met, to struggle for the World of Justice and Peace that we need so much.

In these difficult times that Humanity is experiencing, we remember the firm path of the Life of Brother Robert Mugabe, who gave all his energies to fight, at all times, for the Rights and Dignity of his People.

The Trajectory, the Memory and the Legacy of Comrade Robert Mugabe, will continue to inspire the Battles for Independence, Sovereignty, Essential Rights and Common Good in all the Continents, where Peoples every day affirm our indeclinable decision for Victories of Peace, and the Right of our Peoples to ratify Independence, Sovereignty, Self-Determination and Welbeing, on the Paths we travel.

Together we seek the Unity of Peoples around the Respect for the Rules of International Law, creating, step by step, among such complexity, the Best World we want, that World that has in the unchanging battle of Comrade Robert Mugabe, a Figure of Courage and Dignity that will continue to inspire and accompany us always.

We express to you, Brother President Emmerson Dambudzo Mnangagwa, to your Government, your Party, your People and the Family of Comrade Robert Mugabe, our Embrace of Solidarity, in the certainty of all the Victories to Come.
