Ministerio de la Juventud

Our Strategic Axes from the National Human Development Plan

1

Participation and Leadership of youth for the economic, political and social development of our country.

2

Promote creativity and innovation by developing the ideas and initiatives of the different youth sectors.

3

Promote youth entrepreneurship as a basis for the economic and productive development of the family.

4

Promote knowledge, use and exploitation of different technologies, applied to the involvement of youth in the various areas of development within our country.

5 Promotion of sports, culture, caring for the environment and healthy recreation for youth.

6 Promote the values of harmony and coexistence of young people in their families and communities.

7 Promote learning, education and training for the comprehensive development of youth.
