

**Gobierno de Reconciliación y Unidad Nacional
Unida Nicaragua Triunfa**

Managua, 7 July 2021

Excellency

Claude Joseph

Acting Prime Minister of the
Republic of Haiti

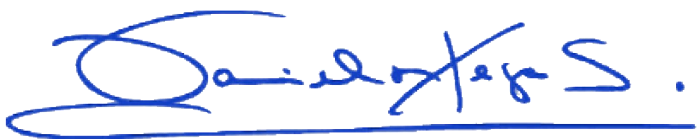

Brotherly People of Haiti:

From Nicaragua, Blessed and Always Free, we condemn the brutal assassination of the President, Brother Jovenel Moïse, and his wife, Sister Martine Moïse.

We are united by Historical Bonds of Admiration and Respect for the Haitian People. From that History of Brave Struggles for Sovereignty and true Independence, and in the face of this new tragedy, we

wholeheartedly pray for new Paths, so that your Great and Noble People, an unforgettable and inspiring example of independence, may successfully continue the search for Justice, Peace and Rights.

Our Prayers asking God for the best for the Heroic People.

Daniel Ortega Saavedra
